Available for projects worldwide

PROFILE

3D artist creating product visuals, animation, matchmove and VFX for brands, agencies, campaigns and film productions. I can take a shot from tracking and CG integration through compositing, grading and final render, or join an existing team for a specific part of the process.

CORE SKILLS

3D & Motion

Animation, product visualization, look development, lighting, simulation, rendering and motion design.

VFX

Camera, object and motion tracking, matchmove, rotoscoping, keying, cleanup and CG integration.

Post-production

Compositing, color grading, editing, online finishing, plate preparation and shot finishing.

SELECTED WORK

FILM VFX

Princess Lost in Time

Cinematic VFX sequence featuring a levitating dagger: tracking, digital object integration, compositing and grading.

ANIMATION · CAMERA

Hangar

FPV fly-through and camera choreography for a climbing gym, focused on speed, spatial clarity and controlled movement.

PRODUCT CGI

Haya · eDisplay X-Stand

Product visualization, look development and lighting for a premium drink; clean branded visuals for a modular exhibition stand.

THEATRE · MOTION

Rusalka

Projection visuals, animation and lighting atmosphere created to support the stage design and dramaturgy.

FILM CREDITS

QQ Studio — Matchmove & Photogrammetry

Princezna zakletá v čase (2020) · Princezna zakletá v čase 2 (2022) · Zrození alchymistky (2025) · Zlatovláška (2025) · Cukrkandl (2025) · Princezna stokrát jinak (2026)
